

Jackson

I was reading the article in Friday's Daily Times and wanted to submit this story. I adopted my dog Jackson when he was 10 months old from the Rawlins Animal Shelter. I was told he was part beagle, part basset hound. And he looks just like that too! I guess the people that had him just didn't want him anymore. Which was good for me and my family!

Seen here with Noah

He just turned 5 in January. He is an absolute wonderful dog, full of love and kisses for anybody. He gets along great with our other dog Shayna, a boxer. He fits perfectly in our busy household. I want to express my thanks to the Animal Shelter for letting me adopt this dog. He is so great, and I don't know what we would do without him.
