

Molly Dog

This is our Molly Dog whom we adopted from the Rawlins Animal Shelter. After our first Rottie had passed away, my husband had wanted another. We've found this breed to be very loyal and loving. We have a Boxer that was being very destructive due to his abundance of energy and lack of companionship from a playmate while we were away at work. So, we had been talking about getting another dog so Oscar would have a friend to play with.

Even though Philip works right by the Shelter, he never made a stop in there. One day he just got a feeling he should stop to take a look. As he walked through the kennels, he found this female Rottweiler doing the little prance that their breed does. He couldn't resist and took her home for a 24 hour trial period to see how she would get along with our child and the other dog. Well, she ended up staying and she's been a great dog. Oscar quit tearing up everything in his path and they were able to keep each other company in our absence. Molly's been loyal and loving just as our last Rottweiler was. We feel it was fate that Philip stopped in the shelter that day. We don't know where Molly came from or any of her back ground since she had been picked up as a stray. We've never understood how someone could have had such a wonderful dog and didn't claim her before she was up for adoption, but we sure are glad that it worked out in our favor. I'm sure that we will adopt from the Shelter again in the future.
