

Roxy

Roxy came to Rawlins in 2001 with her Master Kenneth. Kenneth and I met and could not keep Roxy because I lived in an apartment at Cathy Gardens. So, we put an ad in the newspaper to find her a good home and a couple took her. Roxy was in and out of the Shelter after we gave her to this couple. After we married and were able to settle down, Roxy was in the Shelter a few times and about the third or fourth time we adopted her again. She gets along with the other pets well and with children too. We are glad for Pet Partners!
